The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Dear Supervisors:

**APPROVAL OF AMENDMENT NUMBER 3 TO AGREEMENT 75176 WITH
IRON MOUNTAIN (FORMERLY TRI-CITY ARCHIVES) FOR
RECORDS STORAGE AND RETRIEVAL MANAGEMENT SERVICES
(ALL DISTRICTS) (3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

Approve and instruct the Chair of the Board of Supervisors to sign the attached Amendment Number 3 to Agreement 75176 with Iron Mountain Information Management, Incorporated (Iron Mountain). The amendment revises specific terms and conditions, the Statement of Work, and the Fee Schedule, as a result of the acquisition of Tri-City Archives by Iron Mountain.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to approve Amendment Number 3 to Agreement 75176 with Iron Mountain to revise specific terms and conditions of the agreement resulting from Iron Mountain's acquisition of Tri-City Archives, our former contractor. The Assignment Agreement was executed by the Sheriff on January 10, 2008, as authorized by your Board on January 18, 2005.

The amendment also replaces the current Fee Schedule, which has been revised to include a consolidated list of services available to the Los Angeles County Sheriff's Department (Department) at negotiated rates. The revision resulted in a lower rate for most-often-used basic services, such as storage of boxes and open-shelf files, retrievals, and re-filing. Although the total amount paid to Iron Mountain is dependent on the services provided, it is anticipated that these lower rates may result in cost

A Tradition of Service

savings. Additionally, Iron Mountain has agreed to move a large volume of new storage (over 14,000 cubic feet) currently housed at various Departmental locations without charging the Department the transportation service fee. As the Department's need for storage continues to grow, the rate reduction will satisfy our Department's current and future storage needs more economically and efficiently.

Implementation of Strategic Plan Goals

The continuation of the contractor's services provided under this agreement support the County of Los Angeles Strategic Plan, Goal 3, Organizational Effectiveness, storing and retrieving records more efficiently and effectively; and Goal 4, Fiscal Responsibility, cost savings for storing and retrieval of records.

FISCAL IMPACT/FINANCING

Although the total amount paid to Iron Mountain is dependent on the services provided, it is anticipated that the lower, negotiated rates for most-often-used basic services may result in overall cost savings.

The Department estimates the cost of the agreement to be \$150,000 for Fiscal Year 2008-09 and will allocate funds as necessary.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On January 18, 2005, your Board approved Agreement 75176 with Tri-City Archives for storage and retrieval management services of medical records, files, and x-ray films. On April 25, 2006, the Department provided notification to your Board of our intent to expand the Agreement to allow other units within the Department to store and retrieve files. On February 1, 2007, Iron Mountain acquired Tri-City Archives. Prior to requesting your Board's approval, the Department made an assessment of anticipated storage needs and negotiated a new Fee Schedule with Iron Mountain, including consolidated services and lower rates for basic services.

In addition to the Department's Medical Services Bureau, which is mandated by the California Code of Regulation, Title 22, to store records for a seven (7) year retention period, other units within the Department have also demonstrated a critical need for long-term off-site storage of other documents, such as pay and leave records, crime reports, and booking jackets. The amendment makes minor changes to the indemnification terms, limiting Iron Mountain's liability for the consequential and liquidated damages as a result of loss or destruction of records. The amendment removes the "Most Favored Public Entity" clause, provides that Iron Mountain is responsible for its employee background checks, and allows Iron Mountain to provide

reports demonstrating compliance with Affirmative Action or anti-discrimination laws rather than direct inspection of employee records.

Amendment Number 3 has been reviewed and approved as to form by County Counsel.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Your Board's approval of Amendment Number 3 ensures the Department's ability to continue receiving storage and retrieval services without removing and relocating files at a considerable cost.

CONCLUSION

Upon approval and execution by your Board, please return two (2) adopted copies of this action to the Department's Contracts Unit for further processing.

Sincerely,

A handwritten signature in cursive script that reads "Leroy D. Baca". The signature is written in dark ink and is positioned above the printed name.

Background Investigation Procedures

EXHIBIT F

Background Investigation Procedures

Iron Mountain's pre-employment hiring procedures include drug screening, personnel identity verification, criminal conviction background investigation information as well as driver licensing and violation history for driver candidates.

The first step in Iron Mountain's process is the pre-employment drug testing program, which consists of a 5-panel screening test administered in accordance with the Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines. Substances covered by the 5-panel test are:

- (1) Marijuana metabolites;
- (2) Cocaine metabolites;
- (3) Opiate Metabolites;
- (4) Phencyclidine (PCP);
- (5) Amphetamines / Methamphetamines

Should a candidate fail that test, no further employment consideration is given. Once employed, individuals are subject to additional drug testing under the following conditions:

- Reasonable Suspicion
- Post Incident/Post Accident
- Department of Transportation (DOT) guidelines
- Return to Duty

Once the drug test is passed, each Iron Mountain employee is subject to identity verification via a social security number verification process that includes a forward and reverse check (i.e. the identity is matched to the social security number and then the number is matched to the individual).

A seven (7) year retrospective criminal background check is then completed. This check will include all Counties/States of residence disclosed by the candidate or reported through the identity verification process. Additional checks may be made dependant upon the employee's position with the company. Driver candidates are screened for appropriate license class and any motor vehicle violation history. Violation and accident history for the past three (3) years are reviewed and adjudicated based upon seriousness of the offense and frequency of occurrence. For example, any conviction for Operating Under the Influence of Drugs or Alcohol is an automatic disqualification. All drivers are subject to an annual motor vehicle records check.

All drug testing, background and driver checks are conducted by independent, national service providers and reported to a central corporate point of contact at Iron Mountain to preserve the integrity of the process and the results.
